Death of Dr. George R. McNeill.
The account of the tragic death of Dr. George R. McNeill was read with deep regret by the citizens of Walhalla and the teachers of Oconee county. He was well known here, having spent a month in Walhalla two years ago, when he and Dr. E. L. Hughes, of Greenville, conducted the Teachers' Institute. He was a cultured, scholarly gentleman and one of the leading educators of the South. We unite with hosts of friends in many States in extending sincere condolence to the stricken family in their sudden bereavement.

Five Negroes Hanged from One Gallows.
At Sylvania, Ga., last Friday at 12.30 o'clock in the afternoon, Sheriff Thompson, of that place, pulled the trigger beneath the platform upon which stood Arnold Augustus, Andrew Davis, Richard Sanders, William Hudson and Sam Baldwin, the five men who murdered Fillmore Harrington and Milton Moars. The five bodies shot downward six feet from the gallows. It was a gruesome sight (says a dispatch from Sylvania) to see five strong men in the full enjoyment of health launched thus into eternity, but they seemed reconciled to the end and met death stoically and without tremor. They made no confession of their crime, either at the jail or upon the gallows. They talked only of the future life.

MURDER OF DR. GEORGE R. MCNEILL.
Prof. McNeill Spent a Month in Walhalla as a Teacher in the Summer School Two Years Ago, was Admired by all who Knew Him, and the News of His Tragic Death was Received Here with Genuine Sorrow.

Dothan, Ala., June 17.—Prof. W. A. Rankin this morning shot Dr. George R. McNeill to death and then committed suicide. Dr. McNeill was president of the Dothan city schools and was re-elected Saturday night to the same position for the next school term. Rankin had been a teacher in the same school, but failed of re-election and blamed McNeill with his defeat, which seemed to worry him a great deal.

McNeill went over to the college building this morning just before 8 o'clock. Rankin was already there, and a few moments after McNeill's arrival firing was heard. Parties rushing over to the building found McNeill in the hall, down on the floor, his life's blood flowing from several wounds he had received at the hands of Rankin. The shooting occurred in Rankin's room in the building, but in some manner McNeill had gotten out of the room and was found in the hall. He was assisted to a litter to be carried to his residence, but expired before reaching there. He stated before he became unconscious that Rankin had done all the shooting. The remains will be buried in the city cemetery at this place to-morrow morning at 10 o'clock.

Rankin was found in his room, where the shooting occurred, in a pool of blood from a wound in his head, dead. His mother was notified of his death, and at her request the remains were shipped to his former home at Bell Buckle, Tenn.

After presumably emptying his pistol Rankin reloaded it and shot himself in the head, just back of the right temple, the ball going clear through, death being instantaneous.

McNeill was about fifty years of age, and leaves a wife and three children. He came here last year from Lafayette, Ala., where he had been president of the college for a number of years. During his time here he made many friends by his strict attention to his duties and by his Christian manner, he being a leading member of the Presbyterian church.

Rankin came here from Bell Buckle, Tenn., and was a young man about twenty-five years of age and unmarried. He had a number of warm friends here. His father died only a few months ago. He left a long statement in regard to the affair, but it has not been given out. He had an insurance policy on his life for \$2,500, but allowed his payments to lapse. He was engaged to be married to one of Dothan's most popular young ladies.

Under the bylaws of the board of education at Dothan, McNeill had the nomination of the faculty. The board could only affirm or reject. In making his nominations this year McNeill left out Rankin, who had charge of the eighth and ninth grades during the past session. The objection of Rankin was that he was disposed to run his department independently of his superiors. The board confirmed all of McNeill's nominations and did it unanimously. Rankin spent yesterday in trying to get the case reopened and failed.

AN INTERESTING LETTER
From Mr. John R. Keith, a Walhalla Boy, who is a Soldier in the Philippines.

Manila, P. I., May 8, 1901.
Dear Old Dad: I guess you think I never intend to write to you again, but I am going to fool you.

Well, Jesse, I am in the army now, so don't guess I will get to see you for three years. I enlisted January 24th in Denver, Colo. I would not have enlisted, but I could not get a job, and would not write home for money, so I had to do something, and decided the army was the easiest place to live. It is not such a nice place as I thought it would be.

We got to Honolulu March 20th and drilled over the principal parts of the island. I think it is the prettiest place I have ever seen. We left San Francisco March 18th and did not get to Manila until April 17th.

Jesse, do you remember Harry Walker, son of the late P. V. Walker, of Walhalla? Well, he is in my troop. He is very much like Will, and a mighty fine fellow, too.

We have been on the water 64 days today. Well, Jesse, my name was just called to go ashore, so will have to close. Write soon and tell all the news.

Your old friend,
John R. Keith,
Troop A, 15th Cavalry.

GERMAN KALI WORKS,
93 Nassau St., New York.

THE KICK COLUMN.
BY THE KICKER.

A prominent taxpayer approached "The Kicker" recently and begged him to keep up his crusade in favor of macadamized sidewalks. He favors the plan suggested by The Kicker some time ago—that of taking two blocks, or as many as City Council feels able to lay each year. Would it not be well to begin on the south side of the two blocks between Catherine and John streets? Those used by more people during the course of a year than any others. City Council, the eyes of Walhalla are on you, and if you begin this work your praises will be sung by an indulgent public, who rail-fence it from one side of the sidewalk to the other to escape the beautiful (?) mud that a heavy or protracted rain produces on our present streets.

What about the public library for our town? A popular society man requested The Kicker to touch up this matter again. He said that the Mountain City Club has been such a success—especially that feature which pertains to furnishing its members with good reading matter—that he believes a public library can be made as magnificently successful. Walhalla abounds in cultured people who are fond of reading, but they are not able to purchase all the latest works as they are published, and often have to deny themselves on that account. By all means let us have the library.

While we will not be entertained this summer with "music by the band" the music of the saw, hammer and trowel will keep the old town jingling. It is estimated that at least \$25,000 will be spent here this summer in new buildings. There is a veritable boom on and our out-of-town cousins will soon recognize us. They will be more proud than ever of their county seat. Keep your eye on Walhalla. If you have a little money to invest put it into town lots, and if they do not increase in value call The Kicker any old thing you want to.

Seven Years in Bed.
"Will wonders ever cease?" inquire the friends of Mrs. L. Pease, of Lawrence, Kans. They know she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but, "three bottles of Electric Bitters enabled me to get on my feet," she writes, "and in three months I felt like a new person." Women suffering from headache, backache, nervousness, sleeplessness, melancholy, fainting and dizzy spells will find it a priceless blessing. Try it. Satisfaction is guaranteed by all druggists in the county. Only 50c.

Messrs. John Rose and F. P. Molden have been here last week on business.

Jocense correspondents, did you ever sleep when all was confusion, then have to awake up? You see we did get awake. We hear a good deal of comment on our last item. They say it was pretty straight and all right. You see the rum sellers have been awake so long they had things their way. We have slept about long enough. Now Salem is awake with a straight line of duty before her and means to keep awake. With more help we can have straight work and a cleaning up. Who is ready to stand for the right? Hatchet.
